Re: Donation to the Canby Livability Coalition

Dear Kevin,

The Canby Livability Coalition would like to thank you for donating wood chips for dressing and mulching some of the City of Canby planters on 2nd Avenue. The chips were spread in approximately 10 planters by volunteers from Canby Livability on April 4th and they improved the appearance of the street considerably.

Thank you also for visiting the site to assess of the amount of chips we would need. It was very generous of you to donate your in time that way.

Thank you again for your generous help in this project. I have enclosed a charitable donation receipt for tax purposes.

Sincerely,

Sheila Tice, Secretary
Canby Livability Coalition
